ABOUT IFASC

MISSION STATEMENT

IFASC's Mission is to assist Indiana surgical centers to excel as a distinct healthcare model for the delivery of safe and affordable surgical care.

VISION AND VALUES STATEMENTS

- IFASC strives to be attentive to changes in the healthcare environment and to adapt accordingly for the benefit of their members.
- IFASC values the knowledge of their members based on their years of experience in the industry.
- IFASC's primary concerns are patient safety and satisfaction, and the association strives to be responsive to the needs and concerns of patients electing to have their surgical experience in the ambulatory surgery setting.
- IFASC values and respects the great diversity of ideas held by their members, and the association encourages open dialogue amongst members that does not activate (or insight) the anti-trust laws.
- IFASC shares concern about the cost of healthcare and focuses on assisting their members to provide the highest quality care at the lowest cost while maintaining the financial viability of their organization.
- IFASC believes in working environments that combine professionalism, quality patient care, employee satisfaction and enjoyment.
- IFASC believes in assisting surgical centers to maintain the provision of quality care through the provision of educational opportunities that give them the information needed to comply with state and federal mandates as well as maintaining their credentials and improving leadership skills.
- IFASC believes in building a community that promotes open sharing of ideas and knowledge between the association and other stakeholders in the field of ambulatory surgery.
