

IFASC March Newsletter

ASC Disclosure Requirements Update

As your association, we wanted to give you an update regarding the current Indiana law requiring ambulatory surgical centers to post on an Internet web site 70 shoppable services, 30 common services, and the weighted average negotiated charge per service by March 31, 2021. We know that there have been many questions and confusion on these requirements.

The IFASC legislative committee and our contract lobbyist, The Capitol Group has worked with various stakeholders to amend the law to eliminate confusion and push back the posting date deadline.

[READ THE FULL MEMO](#)

If you missed it, IFASC co-hosted a webinar with Representative Donna Schaibley to answer your questions about the price transparency requirements for Indiana ASCs. You can view the recording on the IFASC website.

2021 Spring Conference and Tradeshow

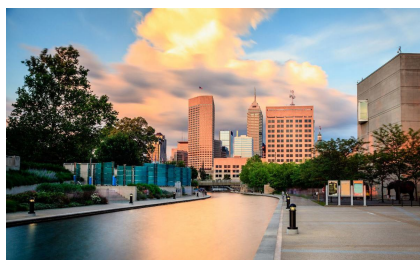

April 23, 2021

Embassy Suites Plainfield Indianapolis Airport
Plainfield, Indiana

Share information about the conference using [#IFASCmeeting!](#)

Don't miss your chance to network with your peers, receive the latest infection control information and hear about recent successful advocacy initiatives.

[REGISTER TODAY](#)

Lisa Huber from Steris will be presenting "Surveying a Sterile Processing Department". Sterile Processing is a complex environment requiring training, education, and competency in several areas. Often the details of tasks performed by CS Technicians and the best practice guidelines that should be followed when performing these tasks are not completely understood outside the restricted access walls of the department. This program will provide a high-level introduction to some key areas that are often reviewed in accreditation surveys and provide attendees a guide for what to look for when auditing the Sterile Processing department.

Register and reserve your spot today. We look forward to seeing you in Plainfield!

Renew Your Membership or Join Today!

Designed with you and your center in mind, member benefits include discounted conference registration fees, quarterly e-news, educational resources, and opportunities for involvement in advocacy efforts. Renew your membership today to continue receiving these unique benefits! If you are not a member of IFASC and would like to be, please fill out a [membership application](#). Your participation is vital to maintaining an association that offers meaningful resources and advocates for you and your patients.
